Science finds the safest way to do the family wash.

Gillex cleans the stubbornest dirt from daintiest fabrics. Gillex dissolves the oil that holds the dirt in. Dirt particles then rinse out without the rubbing that were and the same on girt to rharmful acid. Use no more than quantities specified in directions.

Grease disappears with one rinsing. That's why Gillex speeds kitchen work. Pots, fry pans, milk cans are clean in a jiffy. Paint and linoleum are restored by just wiping over. Why? Because all dirt is oily, Gillex merely dissolves the oil, frees the dirt to be rinsed or wiped off without harm to delicate surfaces. As easy on the hands as it is to clean with. Gillex leaves the skin white and sweet-smelling.
